18th MEETING EUROPEAN ASSOCIATION FOR RED CELL RESEARCH

May 12-15th, 2011, Wrocław – Szklarska Poręba, Poland

Organizing and Scientific Committees have a pleasure to invite you to attend the EARCR 2011 conference, which will be held in the resort Szklarska Poręba (Hotel LAS), in Polish Karkonosze Mountains.

The tradition of EARCR conferences started since 1976 in Frankfurt (Germany) with the last one being organised in Triuggio, Italy (2009). The meeting will provide an interdisciplinary forum for scientists working in the field of red blood cell structure and function in health and disease. The objectives are to achieve international co-operation of researchers both in academia and medical institutions and to stimulate growth in the field of red blood cells for medical diagnosis and therapy. Simultaneously, red blood cells are model systems for the discovery of general principles in physiology, biophysics, and bioelectrochemistry.

We intend to gather together around 120 participants. Papers will be published in the international scientific journal: Cellular & Molecular Biology Letters (Impact Factor 2008: 1.454).

ORGANIZING COMMITTEE

Małgorzata Komorowska, chair
Sylvia Olsztyńska-Janus, secretary
Tomasz Walski
Marlena Gąsior-Głogowska
Katarzyna Gałęcka
Katarzyna Szyborska-Małek
Karolina Grzeszczuk
Łukasz Małek
